Company History

Background

Company History

Founded in 2018, EBIT Management Consultant, SMC entered the Consultant Business as one of the earliest and most adamant forecasters of the Pakistan's most needed diverse market. A very handful of organizations in Pakistan today maintain the depth and breadth of the Pakistan's financial and economic Potential.

EBIT Management Consultant, SMC is an independent research and consulting firm dedicated to delivering accurate, insightful, and objectively-based Economic Analysis that enables it's clients to make informed decisions about investment, growth, revenue, and policy. The company is Registered as a Single Member Company with the Province of Punjab.

We operate with accurateness in economic forecasting that would ultimately help investors to establish their businesses in Pakistan.

The company specializes in Economic and Revenue Forecasting, Economic Impact Analysis, Regional Economic Analysis, Real Estate market Analysis, Industry analysis such as Transport, IT etc and Economic Policy Analysis. Unlike other consulting groups in this sphere, many of which are directed by MBAs or urban and city planners, Beacon Economics is led by, and works with, PhD and Master's level economists. The academic training and credentials of its experts set the firm apart and are at the root of its commitment to objectivity and analytic excellence.

Our company also offers services of immigration to Europe, USA, Canada, Australia, Latin America etc accounting services via our Partners, assistance in obtaining residence permit in Europe, limited company registration. With help of our Partner Consultants. If you are willing to establish or buy limited company, sell company, buy ready made business, etc.

The company ensures the quality of the provided services by using a quality system that is certified with ISO 9001:2000.

Strategy & Vision

Vision statement

The growth and the operation of the company are found in the basic corporate principle: "**quality, effectiveness and adaptability to the needs of market and technological evolutions**".

Mission statement

Our Mission is to be the most successful consulting company in Pakistan, abiding by our principles that consist of the Knowledge, the Effectiveness, the Reliability and the Integrity.

- **Knowledge** for us means: application of most modern technology for the development of pioneering services, optimal quality and capability of flexible adaptation and development of each need of customer.
- The **Effectiveness** accompanies each project that we undertake, with the realization of the objectives of our customer.
- The **Reliability** and the **Integrity** constitute the main axes of our business culture.

The maximization of the value and the performance of our customers and our continuous improvement constitute the core of our philosophy, ensuring the constant ascending course of the company at both National and International level.

The optimized quality of our provided services, their continuous monitoring and follow-up, the faculty of comprehension of the requirements and the needs of our customers, the specialization and the know-how of our staff and the constant expansion of our activities abroad serve us and strengthen our mission and our vision.

- **We are** among the leaders in the sector of consulting.
- **We support** our customers in the realization of their objectives, contributing in their constant development.
- **We aim** to our continuous development.
